SKILLS

- Python / Django - Intermediate Skill Level
- HTML / CSS - Intermediate Skill Level
- JavaScript / Java - Beginner Skill Level

EDUCATION

Base Camp Coding Academy, Water Valley, MS

June 2019 - May 2020

Base Camp taught all students much more than just programming languages. Some valuable life skills that students have learned are as follows.

- Professionalism
- Work-appropriate behavior
- Time management
- Leadership abilities

Ingomar High School, New Albany, MS

Graduated May 2019

In my 3 years at Ingomar, I developed into a star baseball player and have gained many valuable skills that can be transferred into any work environment.

- Balanced a 40+ hour practice week, training, competition, and travel schedule, in addition to academics
- Self-motivated and very competitive
- Easily coached and a great team leader/player

Notable Awards

- 1st Team All-Division (2017, 2018, 2019)
- 1st Team All-State, 600 Club, NEMCABB All-Star Game, CrossRoads State All-Star Game, Scholarship to Blue Mountain College (2019)

EXPERIENCE

BNA Bank Park, New Albany, MS - *Field Manager & Landscaper*

May 2017 - August 2018 (seasonal)

As Field Manager, one crew was responsible for ensuring that all fields in the complex were ready for play.

During my second summer of work at the park, my job was assigned with four others to mow the 75-acre complex throughout every week.

Larsens Cash Saver, Water Valley, MS - *Stock*

October 2019 - Present

While working in stock, the main priorities are to make sure that all assigned isles are fronted (reorganized) and to refill all products that have a low quantity on display.
